

What to expect at your Newborn Experience

01278 424040

www.timelessimagesphotos.co.uk/newborn

Congratulations on the arrival of your new small person!

We cannot wait to welcome you to our baby-friendly studio. As parents ourselves, we know that the last few days will have been a whirlwind and so your Newborn Experience is a time for you to sit back, relax and enjoy a whole cup of tea or coffee!

We want you to be as relaxed as possible so thought it a good idea to send this to you before your Newborn Experience so you get an idea of what will happen.

What to expect during your Newborn Experience....

When you arrive at the studio, Garry will have a quick chat about what you want from the session and just go over how the next few hours will be. Your photoshoot will be a totally relaxed experience and we will be totally driven by your baby. If your baby is settled and happy that's great. If your baby needs lots of feeds and plenty of cuddles that's absolutely fine too! This is a new environment for them so please don't rush or be worried - we are quite used to it and add in time for feeding and settling.

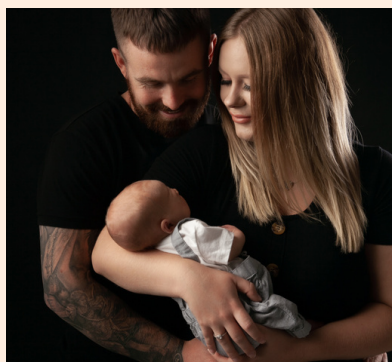

What do we need to bring?

We supply all the blankets, wraps, and props for the session. Garry will go through this as you arrive to check on colours and styles that will suit you and your home. However, if there is anything that you have been given by a family member or friend that you want to include in your session then please bring this with you. We love it when parents personalise their Newborn Experience. Don't forget to bring your baby changing bag (we do have spare nappies!) and some additional bottles with you - Your little one may want to feed a little more than usual as we are moving them, which is all completely normal.

Can we have family images?

We know that you have just had a baby and may not be feeling up to photos but as a new family, this is the very first time you will have the opportunity to have a family portrait taken. We encourage you to come prepared to have your photograph taken, but it's not compulsory. Please, if you are able to wear plain coloured tops as this will look much better in the final images.

If you already have little ones, then we will arrange for them to be included either at the beginning or towards the end of the session. They are very important at this stage and you may find that Garry talks to them more than you to help them be at ease!

How do we see our images?

Once your session has been completed, we will arrange for you to return to our beautiful viewing lounge to see your collection of images.

At this point, you will be able to choose your 10x8 Framed print and 10 thank you cards that are included in your Newborn Experience.

Please note we do not store your images after the viewing so everyone required to make a decision will need to attend.

Where can we park?

Unfortunately, we do not have any parking at the studio so we recommend that you park in Angel Place which is signposted from the outskirts of Bridgwater. It is just a short 5-minute walk to our studio from there. It is £3.00 for up to 4 hours and you pay on the way out!

If you get lost please call us and we will guide you in!
